

DUTTON ESTATE
WINERY

Our beautiful estate fruit is hand selected from our family's historic farming operation, Dutton Ranch, in the Russian River Valley. As a multi-generational business, sustainability has many levels of importance to us. We are pleased to help lead this effort in Sonoma County. The benefits for these initiatives are multi-layered including being good citizens in our community, with measures like Water Conservation, Energy Efficiency, Responsible Pest Management.

- 1200 acres of premium vineyards Certified Sonoma County Sustainable Grape Growing Program
- 200 acres of California Certified Organic Apples
- California Sustainable Winegrowing Alliance - Active since 2016
- 100% Fish-Friendly Farming - All vineyards certified since 2014
- Sonoma County Sustainably Farmed Grapes - Logo since 2017

Sustainability in Action

We built and posted more than 100 owl boxes suited to specific owls species to help with natural pest management (plus it is fun to watch their families grow!)

The Sonoma County Sustainably Grown Grapes logo on our wine bottles beginning in 2017 ensures we are actively participating in certified programs.

Expanding job opportunities and housing for the Dutton Ranch farm workers.

As part of our Fish Friendly Farming, reduced erosion & soil loss plus improved water quality supports the biodiversity of the ecosystem.

We are the sixth generation of the Duttons to farm in Sonoma County. When we founded Dutton Estate Winery in 1995, we continued a multi-generational family story and commitment to our distinctive corner of the Russian River Valley.
