

DUTTON CIDER CO CARBONATED HARD APPLE CIDER

16 oz Can – 7.4 % Alc/Vol

THE MAKERS

Dutton Ranch farms 200 acres of CCOF certified organic apples in addition to 1200 acres of vineyards in the Russian River Valley of Sonoma County. Joe and Tracy Dutton founded Dutton Estate Winery in 1995 and grew up farming apples alongside vineyards. Their combined multi-generational family history inspires the crafting of hard apple cider.

THE APPLES

The blending of the beloved local heirloom Gravenstein variety with Golden Delicious fashions the perfect cider... fruit-forward, like biting into fresh apples, with a touch of tartness and sweetness.

THE METHOD

"Cold" is the secret to our cider. Cold pressing, cold settling, cold fermenting, and cold storage ensure that crisp apple flavors are retained and acidity is smooth and bright.
